### DESCRIPTION (field, expectations, comments):

The candidates have to conform to the conditions stated in art. 109 of Higher Education Law dated 27.07.2005. (uniform text: Journal of Laws of the Republic of Poland 2016, item 1842 with further amendments).

The candidate must demonstrate a commitment to teaching excellence in both introductory and advanced courses in his degree discipline. The teaching duties are at the level of 210 hours per academic year.

We seek a candidate with a strong research record within the scope of interest of Information Optics Department at Institute of Geophysics (Faculty of Physics, Univ. of Warsaw), in the field of photonics and optometry.

The candidate should also have experience as a scientific team leader.

### The requirements:

Candidates must have a habilitation degree (DSc) in physics (in the discipline of physics, optics).

Candidates should have experience in numerical modeling of photonic structures, as well as experience in optometry research.

An additional advantage will be the experience in managing a research team.

Please direct the applications to Institute of Geophysics, Faculty of Physics, University of Warsaw, 02-093 Warszawa, Pasteura 7, room B4.41, e-mail: [sekretariat@igf.fuw.edu.pl](mailto:sekretariat@igf.fuw.edu.pl).

### The candidate should provide the following documents:

1. application for the position required together with the acceptance for the treatment of personal data: "I hereby give consent for my personal data to be processed for the purposes of recruitment, in accordance with the Personal Data Protection Act dated 29.08.1997 (uniform text: Journal of Laws of the Republic of Poland 2016, item 922);

2. CV with contact details;
3. copy of DSc (habilitation) diploma (or a document confirming conferral of the DSc degree);
4. list of publications with two most important accomplishments;
5. two recommendation letters from senior researchers who know the candidate. These letters should be confidential and mailed directly to the Dean of the Faculty of Physics, University of Warsaw;
6. the tentative acceptance of the proposed research plans by the Head of the Information Optics Division in the Institute of Geophysics (Faculty of Physics, University of Warsaw) in which the candidate is expected to work.

The entire procedure will be concluded before Jan 12<sup>th</sup>, 2018. The candidate might be asked for an interview with the commission appointed by the Dean of the Faculty.

The results will be sent to the candidates by e-mail.

This announcement is the first step in the procedure of employing an academic teacher and its positive result will be a base for consecutive steps.
