

HR EXCELLENCE IN RESEARCH

FORM FOR EMPLOYERS

INSTITUTION	UNIVERSITY OF WARSAW, FACULTY OF PHYSICS
CITY	WARSAW, POLAND
POSITION	ASSISTANT PROFESSOR (in Polish “ADIUNKT”)
DISCIPLINE	BIOPHYSICS
NUMBER OF POSITIONS	1
POSTED	18.10.2017
EXPIRES	17.11.2017
WEBSITE	WWW.FUW.EDU.PL
KEY WORDS	MOLECULAR BIOPHYSICS, BIOPOLYMERS

DESCRIPTION (field, expectations, comments):

The candidates have to conform to the conditions stated in art. 109 of Higher Education Law dated 27.07.2005. (uniform text: Journal of Laws of the Republic of Poland 2016, item 1842 with further amendments).

The requirements:

A candidate must demonstrate strong commitment to the research in molecular biophysics being developed and carried out in the Division of Biophysics, Institute of Experimental Physics, Faculty of Physics of the University of Warsaw, especially in studies of biopolymers, proteins and nucleic acids. He/she should have high quality skills as well as practical experience in biophysical research (documented by publications) and qualifications to effectively communicate with collaborators within multidisciplinary research groups. The candidate is also expected to be active in gaining externally funded research grants, and to carry out the research work in collaboration with good external laboratories if the research profile requires this.

The candidate should have PhD in physics, as well as at least two-year post-doc position. A habilitation degree (DSc) or a documented successful period of at least 8 years of research in the field of biophysics would be an additional advantage.

The candidate is expected to have experience in teaching students of interdisciplinary background. He/she is expected to continuously increase the quality of teaching and to relate teaching with recent scientific achievements. The successful candidate will be teaching at the Faculty of Physics, University of Warsaw. The teaching duties assigned to the position of the assistant professor (in Polish “adiunkt”) are at the level of 210 hours per academic year.

The successful candidate will be employed full-time for a permanent position from February 1st, 2018, but will be subjected to regular periodic evaluations.

Interested candidates should submit their applications to the Dean’s Office, Faculty of Physics, University of Warsaw, ul. Pasteura 5, 02-093 Warsaw, Poland (room 1.14) the following documents:

1. Application for the position required together with the acceptance for the treatment of personal data: “I hereby give consent for my personal data to be processed for the purposes of recruitment, in accordance with the Personal Data Protection Act dated 29.08.1997 (uniform text: Journal of Laws of the Republic of Poland 2016, item 922)”;
2. CV, including e-mail address;
3. Information about candidate’s scientific career and teaching experience;
4. List of scientific publications with a short description of two most important achievements in the candidate’s opinion;
5. Copy of PhD diploma (and habilitation diploma, if available)

6. Opinion about teaching experience. The opinion is confidential and has to be mailed directly by the responsible person to the Dean's Office, Faculty of Physics, University of Warsaw, postal address as above.
7. At least 2 opinions from professors or senior staff members familiar with the candidate. The opinions are confidential and have to be mailed directly as above.
8. A research plan accepted by a future supervisor at the Division of Biophysics (candidate with PhD) or accepted by Head of the Division of Biophysics (candidate with habilitation).

The documents listed above as 2, 3, 4 and 8 have to be mailed as PDF files to the address:

ifd@fuw.edu.pl.

The entire procedure will be concluded before 15.12.2017. The candidate might be asked for an interview with the commission appointed by the Dean of the Faculty.

The decision of the commission commission will be announced to the candidates individually by e-mail.

This announcement is the first step in the procedure of employing an academic teacher and its positive result will be a base for consecutive steps.
