The Dean of the Faculty of Geology of the University of Warsaw announces the open competition for the position of Senior Lecturer in the Institute of Hydrogeology and Engineering Geology (Department of Engineering Geology) of the Faculty of Geology of the University of Warsaw.

Terms of the competition:

2. Very good command of English both spoken and written.
3. Experiences in didactic work in the field of soil mechanics (including advanced soil mechanics laboratory), engineering geology, applied geology.
4. Skills needed:
   - Scientific knowledge to didactic work in geology (engineering geology, soil science) and engineering (soil mechanics, applied geology, applied geophysics)
   - conducting classes (lectures, exercises, laboratory classes) from widely understood engineering geology, in particular: soil mechanics, applied geology, geotechnics, applied geophysics and covering methods of field and laboratory engineering geological research.
5. Scientific achievements including geological engineering/soil mechanics problems with a request the field and laboratory testing; articles from this field published in reviewed periodical issues.
6. Ability to scientific practice including researches in engineering geology and soil mechanics, especially stiffness, strength, permeability and compressibility of soils.
7. Knowledge of modern technics and equipment used in advanced soil mechanics laboratory will be considered as a big advantage.

Documents needed:
1. Application form,
2. References letter from a member of Academic Staff,
3. Curriculum vitae,
4. Personal questionnaire and 3 photos,
5. “Doktor habilitowany” Diploma,
6. Other documents if relevant.

The documents should be sent at the Dean Office (address: al. Żwirki i Wigury 93, 02-089 Warszawa, Poland) not later than April 22, 2016.

The University of Warsaw does not offer apartments to the employees.

Warszawa, 21th March 2016

Dziekan
Wydziale Geologii UW

dr hab. prof. UW Ewa Krogulec
