

Procedure for responding to incidents of SARS-CoV-2 infection

1. The appropriate address to notify staff, students, postgraduate students, postdoctoral fellows and course participants, as well as residents of student residences, of the fact that they have become infected is InfoCovid19@adm.uw.edu.pl.
2. Maintenance of the email address InfoCovid19@adm.uw.edu.pl, collection and communication of information regarding SARS-CoV-2 infections among members of the university community is handled by the Health, Safety and Fire Protection Inspectorate.
3. Upon receiving information about the infection, the Health, Safety and Fire Protection Inspectorate shall forward this information to the relevant head of the organisational unit or the head of the teaching unit. The competent unit head may take measures to minimise the risk associated with the possibility of exposure to SARS-CoV-2 virus infection.
4. When asked by the health and epidemiological services to identify contact persons, the Health, Safety and Fire Protection Inspectorate, in order to forward such information in the manner indicated in the request, shall assist in forwarding such information to the member of staff of the competent unit designated to perform this task as referred to in § 2 (4).
